

## Expression of Interest for Transfer

*(Between schools in Port Lincoln and surrounds)*

The partnership of Port Lincoln Public Schools believe that the continuity of learning is important for all students. Children learn best when they have strong and enduring connections with their neighbourhood school. This stability leads to successful learning outcomes.

By completing the Expression of Interest for Transfer below, you are providing the principal or delegate of your child's current school and the intended new school with the opportunity to discuss a possible transfer in the best interest of your child.
